A BIAPR documentary of the making of the 'Winding Our Way Home' project with the BIAPR Peer Led Women's Group, presented in June to coincide with Brain Injury Awareness Month. This video describes the process and the perspective from the making of this artistic endeavour in collaboration with Melissa Addison-Webster, BIAPR, Public Energy, and funded by the Ontario Arts Council. It is the hope that this film will bring further awareness to the experience of those living with an acquired brain injury
